## Corps of Engineers proposes change to park names at Waco Lake

With the opportunity presented by the pool raise currently in progress at Waco Lake, the U.S. Army Corps of Engineers is considering changing the names of several parks in the Speegleville area. Having three separate park areas, all named Speegleville, causes confusion not only among park visitors but also with emergency response personnel, often causing loss of valuable time. The proposed name changes would eliminate much of this confusion. The proposed changes are as follows:

Speegleville I will be changed to Reynolds Creek Park. Speegleville II Boat Ramp will be changed to Lacey Point Access Area. The new campground located next to Speegleville Marina will become Speegleville Campground. Speegleville III will become Twin Bridges Day Use Area.

Public comments will be accepted until close of business on June 25, 2001. Mail written comments and concerns pertaining to these name changes to the Waco Lake Office, 3801 Zoo Park Drive, Waco, Texas 76708, or call (254) 756-5359, Monday through Friday, from 8:00 a.m. until 4:30 p.m.
